

Hot Lunch 2017/18!

Thank you for your overwhelming support of our Full-Time Hot Lunch Program last year! We had over 90% of families enrolled! That's amazing! The program is continuing to be tweaked, JP is in the process of creating this year's menus after having spent the summer cooking in William's Lake for the RCMP Members there to help the community as it deals with the terrible forest fires. Way to go JP! Here is our current plan for 2017/18:

All students will receive **FREE** Hot Lunch for the first three days back! Any families not wishing for their child to participate, just let your classroom teacher know and send a lunch with them.

JP will continue to offer gluten free options for 2017/18. Please let us know if this is your desire.

We'll continue to offer a fee structure that reflects the system we use for tuition. Please see the chart below for the prices. In a nutshell, the more hot lunch orders per family, the more you save!

And, if you commit to the program for the year and pay in either a lump sum or give us monthly post dated cheques, we will give you the commitment pricing (a savings of over \$50!).

The deadline for sign up for the year is Friday September 15, 2017 to help get everyone onboard!

Thanks again for your support! We are all very excited and thrilled that you have embraced this initiative last year and are hopeful you will continue your support for the 2017/18 school year. God bless you all!

Updated Hot Lunch Fee Structure 2017/18
