Good Morning,

Just in case you are wondering why we aren't wearing pink shirts today, I'd like to draw attention to our school crest. This crest can be found on our school uniforms. This crest has the single most powerful anti-bullying symbol on it... the Cross, backed by 3 rings representing The Holy Trinity. This symbology represents sacrifice and love; after all, Christ tells us that God IS love! What better way to celebrate the notion of unity against the hurtful actions of bullying than our school uniforms emblazoned with this powerful symbol? In my opinion, we do not need another outward sign of our unity than this. At St. James School, we are unified every day through our uniforms. Many creeds, colours, cultures, and socio-economic realities are unified in this symbol of love and sacrifice. So, in the morning, when our children are dressing in their uniform for the day, perhaps take a moment to reflect on the powerful emblem that rests near their hearts and remember that they are unified, with an entire community of others, in a peaceful and loving stance against bullying and FOR the virtues of Faith, Hope, and LOVE! Mr. R
